

3 PC-12s sold in Middle East

OEMS & BROKERAGE / MIDDLE EAST & AFRICA | 10/05/2016

AMAC Aerospace Switzerland has sold three [PC-12s](#) to the Middle East region. The first customer in the UAE ordered two aircraft and the second customer in Turkey ordered one aircraft.

The first of the two PC-12s was delivered in March 2016 in the UAE and was presented at the Abu Dhabi Air Expo. Starting in 2016, it will be engaged in the first commercial operation on a single turboprop engine in the UAE and will be based at Al Bateen Executive Airport (AZI) in Abu Dhabi. The second aircraft will join its sister machine in the fourth quarter of 2016. The third singular PC-12NG that was sold will be used for private operations and will be delivered in September 2016 to AMAC's second client in Turkey.
